1

WHO COMES TO ASTE?

470+ educational professions looking for solutions for their classrooms using technology.

Make ASTE 2018 a PD playground for exploration alongside Alaskan educators incorporating technology into education to transform learning for their students AND themselves.

- Admin.
- Distance Ed
- Ed Tech
- Librarian/Media
- Principal
- Student
- Sut or Asst. Supt.
- Teacher
- Tech Director

2

WHERE DO THEY COME FROM?

More than 80% of Alaska's School Districts attended ASTE 2017. Over the last 5 years we are proud to see 96% of school districts represented. Our membership is active throughout the state. ASTE is an opportunity to connect with schools districts in every part of the vast State of Alaska. (Chart from Alaska Superintendents Association <http://www.alaskaacsa.org/asa/information/alaska-school-districts/>)

WHY DOES ASTE WANT MY COMPANY TO EXHIBIT?

We are moving into a time when education is more and more about the individual – their interests, needs, and what inspires them. Students are guiding their learning with the support of their teachers and going on new paths not previously imagined. Educators now have the opportunity, and indeed perhaps the expectation, to design and craft their own Professional Development

With your help we want ASTE members to design their own PD at the ASTE 2018 Conference. What's on your PD Playlist?
